

STEP 1 DOWNLOAD THE APP

Scan the QR code below or search either the Apple App store or Google Play Store for myRTCnet, then install it on your mobile device.

STEP 2 LET'S GET STARTED

Click on the "Let's Get Started" button to get started on your way to managing your network and devices.

STEP 3 LOGIN

If you don't have an account yet, select "Sign Up" at the bottom of the screen and complete the Sign Up process on the next screen.

If you already have an account, enter the email and password you've set up for this app. If you've forgotten your password, select "Forgot Password?".

STEP 4 NEW TO MYRTCNET? TAP "SIGN UP"

If you are new to myRTCnet you will need to create an account and set up your system to get started.

Tap "Sign Up" at the bottom of the screen on Step 3 and then complete the Sign Up process on this next screen.

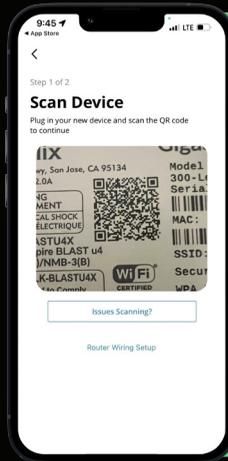

SET UP GUIDE MYRTCNET WI-FI APP

TAKING HOME PROTECTION, NETWORK PERFORMANCE, AND CONTROL TO ANOTHER LEVEL

myRTCnet provides virus protection to all the devices on your network and gives you easy access to a snapshot view of your home or small business network. Through the app you can view all the connected devices on your network, set up parental controls or a guest network, change your password, and more.

For additional resources and information, please visit myRTCNetworks.com.

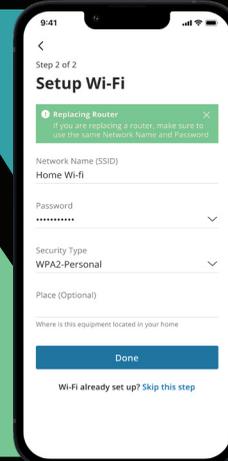

STEP 5 SCAN THE QR CODE

Your system will have a metal plate on the side or bottom. Simply tap the icon and scan the QR code.

Alternately, you can enter the MAC Address and Serial Number found on the same metal plate by clicking on the "Issues scanning?" button.

Note: If you are unable to locate the QR code on your device, please contact RTC Networks for assistance.

STEP 6 DETECT NETWORK AND ENTER PASSWORD

Once the network has been detected, enter the existing Wi-Fi password for your network.

If you are setting up your home network for the first time, call RTC Networks for assistance filling out the required items for your Wi-Fi network.

Place the QR code/SSID info sticker here.
